

Welcome!

We're honored that you are interested in choosing Thrive Psychological Solutions for your child's neuropsychology evaluation. We are out-of-network providers for your private insurance.

What is an out-of-network provider?

Out-of-network providers receive payment for services directly from the client. We do not accept direct payment from the insurance company; instead, we provide a "superbill" that you may submit to your insurance for reimbursement after services have been rendered. The insurance company will then reimburse you.

What should I ask my insurance company?

- Do I have out-of-network benefits and, if so, what are they?
- What is my out-of-network deductible?
- What types of disorders or "F-codes" are covered with my plan?
- Does my plan cover the following CPT codes?
 - 90791: Psychiatric Diagnostic Evaluation
 - 96132: Neuropsychological Testing Evaluation Services, first hour
 - 96133: Neuropsychological Testing Evaluation Services, each additional hour
 - 96136: Psychological Testing Evaluation Services, first hour
 - 96137: Psychological Testing Evaluation Services, each additional hour
- Is there a limit to how many of each code I will be reimbursed for?
- How do I submit a superbill from my provider?

What do I do next?

We look forward to embarking on this journey with your family! Please contact us when you are ready to schedule, and let us know if you have any questions.

Warmly,
Jenna and Audra
